SUMMARY

As a final semester BCA student with proficiency in C, C++, and web design, I aim to secure an entry-level position in a dynamic organization. Eager to apply technical skills and leadership capabilities to contribute to growth and success. Enthusiastic about software development career, ready to engage in challenging opportunities for skill enhancement.

WORK HISTORY

Position: Freelance **Web Designer**

Responsibilities:

Collaborated with friend's office to design and develop websites for their clients. Utilized **HTML**, **CSS** to create visually appealing websites. Gained hands-on experience in **web design**, as well as little bit about **client communication**.

[BMI android App](#)

[Netflix-Home-Page-clone](#)

[E-commerce](#)

It is built with a strong emphasis on responsiveness, ensuring that it adapts seamlessly to various screen sizes and devices, from desktops to smartphones. Also currently learning Android Development with java & able to create basic app and good design in Android XML. my some projects are on my GitHub.

Key Features:- Responsive Design | Custom Styling | Interactivity | Cross-Browser Compatibility

Technologies Used:- HTML | CSS | JavaScript | Media Queries | Bootstrap

Additional projects:-

Car booking UI app || College landing page || Hotel landing-page || Portfolio-page
